## TO THE TRADE

Shipping season—October 1st to April 15th.

In placing orders always instruct if shipment is to be made by freight, express or parcel post.

When no shipping instructions are given, we use our best judgment, but assume no responsibility.

All shipments travel at the risk and cost of the purchaser.

**TERMS:** Cash or security before shipment, except with established firms, when if unknown to us, Bank and Trade references will be required before goods are forwarded.

**CAUTION:** We accept all orders upon condition that they shall be void should any injury befall the stock from frost, fire, hail, storms or other causes over which we have no control.

**GRADING:** Our grades are full and we try to grade a little better than the standard.

**CLAIMS:** All claims of any nature whatever must be made within ten days of receipt of shipment, and will not be entertained unless made within that time.

**PACKING:** Prices in this list are net; cost of boxing and baling will be added.

**WE GIVE NO WARRANTY,** express or implied as to description, quality, productiveness, or any other matter of any nursery stock, seeds, bulbs, or plants we sell.

**GUARANTEE OF GENUINENESS:** If any nursery stock, bulbs, plants or seed proves untrue to description under which it was sold, we will upon proper proof replace or refund the amount paid, but we shall in no case be liable for a larger amount than was originally received by us, and all orders are booked with this understanding.

**REFERENCES:** Huntsville Bank & Trust Co., Huntsville, Alabama. We are members of the A. A. of Nurserymen., The Southern Nurserymen's Association, and we feel safe in giving any member of these Associations as references.

**SPECIAL NOTICE:** This list is intended for the Trade only. We do not sell at retail, employ Agents, pack Dealers orders, nor authorize dealers to use our name.

## HARDWOOD CUTTINGS

We have in "Stock Blocks" specially for growing "Hardwood Cuttings" the largest plant of its kind in the world.

We make and sell more CUTTINGS than any other Firm in the world.

Being specially equipped for this business, and with our experience in handling this kind of stock, we are in position to give the best of service.

These CUTTINGS are not rooted, but are cut fresh and shipped promptly with as little handling as possible.

### ROSES: Species

Blanda, Carolina, Rugosa, Setigera \$ 1.00 \$ 6.00

NOTE: Some of the Nurseries here plant Rose Cuttings in August, September and October and have been quite successful. We try to plant all our Rose Cuttings before January 1st. And would advise early planting in all southern states. In the Northern States it is best to have the Rose Cuttings shipped before February 1st so they may have a longer time in the sand beds to callous and root. When we ship Rose Cuttings in August, September and October, it costs us at least twenty-five per cent more in extra care in handling and making, and we must add 25% to the above prices if shipped in August, September and October. We will not ship Rose Cuttings after March 10th as we think they would fail to grow and give a satisfactory stand, and the buyer would probably blame us, and we would lose a valued customer.

### HARDWOOD CUTTINGS—Stock for BUDDING ROSES

Ragged Robin Glorior Rosamonde .....	1.00	6.00	50.00
Texas Wax .....	.60	4.00	30.00

NOTE: We prefer Multiflora Cathayensis and believe it to be a superior understock, but some of the others might do better in other soils and latitudes. Canina Thornless will probably make the best understock for Polyanthus and weak growers as they are slender in habit of growth.
